- **Dwyane Wade** hooked up with very bad business partners. Now his Heat contract is about to run out, so he might just skip town.
- Two Miami city commissioners. Two arrests. **Angel Gonzalez** quit after using his position to arrange a make-work job for his daughter. And newly re-elected **Michelle Spence-Jones** was suspended after allegedly stealing \$50,000 in grant money.
- Famed pop artist **Romero Britto** was popped for DUI while driving his Bentley on Washington Avenue at 3 a.m. Just a few blocks away and a few months later, his really ugly sculpture went up.

- ShamWow pitch guy **Vince Shlomi** was accused of beating a 26-year-old hooker at the Setai after paying \$1,000 for sex and then getting his tongue bitten.
- **Kourtney** and **Khloé Kardashian** started a silly reality TV show, and then Khloé married former Heat player Lamar Odom. Can the sisters just leave?
- Miami Dolphins owner **Stephen Ross** turned the team into a laughingstock by allowing **Jimmy Buffett** to name the stadium Land Shark and adding celebrity owners such as **Marc Anthony** and **Serena** and **Venus Williams**.
